

SHAKIBA KOUCHAKPOUR

SOFTWARE DEVELOPER

Motivated and dedicated full-stack developer with a legal background, driven by a commitment to continuous learning and collaborative success.

PRACTICAL EXPERIENCES IN TECH

SOFTWARE ENGINEER INTERN (IT CONSULTANT)

CGI (Present)

Januari 2024 - Present

- C#, Microsoft AI Services, Azure Functions, API Intergation
- B2B Authentication och Authorization with Entra ID
- App-design and app development with .Net MAUI
- SQL, Azure SQL Database
- Intro in BI, Data Modelling and PowerBI

Project:

During my internship, I independently developed a mobile app in .Net MAUI to streamline error reporting through QR codes av machines. The solution featured advanced functionalities such as speech-to-text and real-time translation. All data was securely stored in an Azure SQL database via a cloud-based API solution, completed with a B2B authentication system. By utilizing Power BI for end-user tools, I gained valuable insights into business intelligence, data modeling, and Power BI.

FULLSTACK SOFTWARE DEVELOPER INTERN

Nexer Group (3 months)

Sep 2023- December 2023

- Database development with Entity Framework, SQL and C#
- API development with ASP.Net Core
- Working with authentication and authorization flows in Auth0, Auth2 and JWT
- Web-Developing using Typescript and Vue

Project:

In the ADHD Online project, a clinical management system, I contributed as a team leader and developer. We utilized Vue.js, C#, ASP.NET Core, database management with EntityFramework, as well as Auth0 and JWT for authentication. My participation in code reviews and efforts to promote collaboration within the team contributed to a more efficient development process, all in accordance with agile methodologies.

SKILLS

- C# .NET
- ASP .NET Core
- .NET MAUI
- JavaScript - TypeScript
- React
- Vue.js
- AUTH0, JWT
- Microsoft Azure
- Sql - Entity Framework
- Blazor
- Xaml
- Agile Framework

QUALIFICATIONS

- AI Competence: CoPilot, ChatGPT, Independent Course: (AI Sweden) AI - organization, value, implementation
- Quick adaptability to new software tools.
- Exceptional communication skills.
- Self-motivated with a strong sense of prioritization.
- Consistently delivers high-quality results.

LANGUAGES

- Swedish
- English
- Persian

EDUCATION IN TECH

○ .NET DEVELOPER STUDENT

IT-Högskolan

Aug 2022 - May 2024 (ongoing)

- C#
- Developing of databases and database-administration, SQL, Entity Framework, ASP.Net Core Web API, MongoDB
- Web-development, HTML, CSS, Blazor Webassembly, Bootstrap, Figma, React, Javascript.
- Agile framework, Scrum
- Clean code, Design patterns, TDD, BDD, intro to SOA, Microservices
- Customer relation

PREVIOUS EDUCATION & EXPERIENCE IN LAW & ADMINISTRATION

○ OFFICE ASSISTANT

Nassim AB (10 years)

Jun 2013- Sep 2023

- Intellectual property and Trademarks: Successfully settled international disputes, saving company resources.
- Managed sustainability and social responsibility in collaboration with international partners.

○ LEGAL INTERN

United Nation Office on Drug and Crime (4 months)

Dec 2012-Mar 2013

- Led research on Transnational Organized Crime (TOC) , with a focus on human trafficking.
- Contributed to seminars and training sessions

○ MASTER STUDENT I INTERNATIONAL AND HUMAN RIGHTS LAW

Lunds University

Aug 2010 - May 2013

- Find my paper at:
<https://lup.lub.lu.se/student-papers/search/publication/3910896>

○ BACHELOR STUDENT I LAW

Tehran University

Aug 2006 - Feb 2010
